

Optional Prize Contests and Awards Socials

Golfers are invited to participate in optional weekly prize competitions. The optional weekly prize fee is \$5.

There will be four prizes for low-net scores and two prizes for on-course contests. Prizes will be based on each golfer's individual handicap that is calculated using the USGA course and slope ratings for Twin Woods. Handicaps will be re-calculated each week.

Prizes Example: Prizes will be based on a percentage of money in the prize pool.

1st Low Net Score: 25%

2nd Low Net Score: 20%

3rd Low Net Score: 15%

4th Low Net Score: 10%

Straightest Drive on Fairway #1: 15% (***if nobody wins this prize, the money will be awarded to the straightest drive the following week***)

Closest to the Hole on Green #5: 15% (***if nobody wins this prize, the money will be awarded to the closest to the hole the following week***)

Example of how low-net scores will be determined:

Golfer 1 Score: 49. Golfer 1 Handicap: 10.2. Net Score: 38.8.

Golfer 2 Score 51. Golfer 2 Handicap: 14.5. Net Score: 36.5.

Golfer 3 Score 56. Golfer 3 Handicap: 20.2. Net Score: 35.8.

Result: **Each golfer will be playing against his/her own handicap**, making it possible for a high scorer to win a prize. In the above example, Golfer 3, who has the highest handicap, also has the highest score. However, he/she has the lowest net score and wins a prize.

Prizes will be presented each week at an after-golf awards social, where there will be snacks and a variety of beers, wine, and soda. Alcoholic beverages are \$2 each; snacks and other drinks are \$1. All members are encouraged to stay for the socials.
